Like much of the rest of the world, RTD is facing a new financial reality due to the COVID-19 induced economic slowdown.

We’ve already implemented a number of cost saving measures in 2020.

RTD began the 2021-2026 Mid-Term Financial Plan (MTFP) process anticipating a $166 million shortfall for 2021 due to reduced sales tax and farebox revenues.

COVID Fiscal Response Task Force was created to identify cost savings and budget reduction strategies to address the financial impacts of COVID-19.

Each department AGM submitted a plan to align budget and staffing levels with the much-reduced level of service that will continue in the foreseeable future.
PRINCIPLES AND PROCESS MOVING FORWARD.
#1 Keeping riders, employees and the region healthy and safe: We will strive to keep our communities connected and our riders, employees and region healthy and safe.

#2 Service reductions should not be our primary response. We'll be creative: We will take a balanced approach to budget reductions and do so in such a way as to align with our mission. Accordingly, service reductions should be minimized so as to minimize the impact to our customers. We will strive for a well-rounded approach by incorporating reductions in overhead, breaking down silos and engaging partners, and seeking creative approaches to service delivery.

#3 We'll prioritize mobility for people who most depend on transit during the pandemic: We will strive to maximize mobility during the pandemic for those customers who most depend upon our services to access essential jobs and other necessities, while also keeping our communities and activity centers appropriately connected.

#4 We will support and value all of our employees. We acknowledge our frontline employees who directly promote our mission to the public and who have borne the brunt of mandating in the past. We also acknowledge those fulltime employees in the lower wage categories, because a humane work environment is valued by RTD.

#5 Being data-driven and informed by collective wisdom and expertise: We will use a thoughtful, responsible approach to decision-making for the COVID period, while planning for the mid-term financial period and post-pandemic future, by incorporating the best available data, expertise, and wisdom, including through the Re-Imagine project, the accountability committee, and stakeholders.

#6 We'll be actively transparent and seek input: We will take active measures to be transparent and seek input regarding our use of CARES Act money as well as in the decision-making process for measures we adopt to respond to ongoing COVID financial impacts.
2021 - 2026 Mid-Term Financial Plan
WHY?

Currently, ridership is at 40% of pre-COVID levels.

Currently RTD is providing service at 60% of pre-COVID-19 levels.

Currently, staffing levels have remained at 100% of pre-COVID-19 levels.
Fifty-three (53%) of transit agencies surveyed were offering less than 75% of their pre-COVID-19 service levels.*

* APTA, July 2020 Survey
As a result of increased costs and decreased revenues, almost 1/3 of agencies have furloughed employees or are planning on future furloughs.*

* APTA, July 2020 Survey
FUNDING SOURCES TO ADDRESS SHORTFALL

September 1st Study Session Guidance

- First consider reductions in Administrative costs (Overhead)
- Okay to utilize reserves but limit use
- Okay to utilize future FISA rubber tire service contributions
- Okay to utilize future contributions from Credit Risk Premium (CRP) and project savings to offset FasTracks shortfalls.
- Should not utilize existing FISA balances, except possibly for SH 119 BRT
- Don’t reduce service levels below what we are currently offering
COST REDUCTION/ELIMINATION RECOMMENDATIONS (2021)

- Business Travel
- Temporary Employees
- Professional Dues
- Publications and Subscriptions
- Employee Referral and Signing Bonus (except those already earned)
- Elimination of Professional Development Funds (except job required)
- Suspend Leadership Academy
- Suspend MAX Program
PAYROLL/BENEFITS-RELATED REDUCTIONS (2021)

• No Pay Increases for Salaried Employees

• Tiered Furloughs for Salaried Employees in 2021
  o $0 - $60,000 – No Furlough Days
  o $60,001 - $120,000 – 6 Furlough Days
  o $120,001 - $180,000 – 12 Furlough Days
  o $180,001+ – 18 Furlough Days

• No Increases in the Contribution to the Salaried Defined Benefit (DB) Pension Plan

• Temporary Reduction in the Contribution for the Salaried Defined Contribution (DC) plan from 9% to 7%

• Elimination of Salaried Vacation/Sick/PTO Buyback

• Elimination of Overtime and Extra Shift Pay (except OT required in the runboard)
PAYROLL/ BENEFITS-RELATED REDUCTIONS/ ELIMINATIONS

• Adjustments to staffing levels to “right size” the organization to align staffing with the anticipated continuation of operating service at the 60% level.
  o Elimination of some positions and consolidation of other positions
  o Reduce the number of positions by about 25-30 percent
  o Reductions include both vacant and filled positions for represented and salaried staff
  o This equates to approximately 550 (reduced from prior 635) part-time and fulltime filled positions for both represented and salaried staff
  o These figures may change as we continue to conduct more detailed analysis

### BASE
- Administrative Reductions 2021 - 2026
- Funds are available in 2021 -2026 for additional base shortfalls, reserves, projects, add service, or supplement FasTracks
- Service remains at reduced levels through 2026
- Following projects are deferred
  - Burnham Yard ($7.5 million)
  - Maintenance Facility ($58.3 million)
- Following projects would move forward if
  - 2021 - Electric buses and infrastructure ($16.1 million)
  - 2023 - SH 119, BRT ($33.3 million)

### FasTracks
- Administrative Reductions 2021-2026
- Use of reserves (1 month remaining) 2021-2026
- Use of future FISA contributions in 2021-2026
- Opening 2020 FISA balance remains unused
- Service remains at reduced levels through 2026
- **Still shortfall of $96.8 million between 2024-2026**
ADJUSTMENTS TO BUDGET SHORTFALL

Changes Since September 1, 2020 Workshop

• Fare Revenues
  o Had previously been estimated at 80% of original forecast
  o Now have July & August Actuals and lowering forecast to 60% in 2021
  o Adds $30 million to the 2021 shortfall, adds total of $307 million to the 2021-2026 shortfall

• 2020 Amended Budget Changes
  o Since we are reconciling against the cash flows presented to the Board in March 2020, we had not accounted for the increases and decreases in expenditures related to that Board action
  o Overall reduction in shortfall in 2021 by $1.8 million, total reduction of $11.8 million between 2021-2026

• Rubber Tire Service
  o In the March 2020 cash flows, we omitted the rubber tire service
  beta These are not the funds that go to the FISA
  o Added $19.8 million to the 2021 shortfall, adds total of $127.1 million to the 2021-2026 shortfall

• Adjustments bring total shortfall for 2021 to $215 million
### Solving for Additional Shortfall

#### BASE
- Use of reserves (5 weeks in 2021 growing to 6 weeks in 2026)
- Use of future FISA contributions in 2022
- Utilized savings to fund shortfalls in 2021-2026
- Available balance in 2024-2026 of $121.1 million to fund reserves, projects, add service, or supplement FasTracks

#### FasTracks
- Use of reserves (1 month remaining) 2021-2026
- Use of future FISA contributions in 2026
- Existing 2020 FISA balance stays the same
- Still shortfall of $113.8 million for a total of $210.6 million from 2024-2026 ($96.8 + 113.8)
